MEMORANDUM FOR ALL SUICIDE WATCH COMPANIONS

FROM: Colette S. Peters, Director

SUBJECT: Suicide Watch Companions

A handwritten signature in blue ink, likely belonging to Colette S. Peters, is positioned to the right of the "FROM:" line.

As the Director of the Federal Bureau of Prisons, I am committed to ensuring your safety. I am also committed to providing you with programs and services that can contribute to your ability to successfully reenter society. I want to thank you for your commitment and assistance with suicide prevention in the Federal Bureau of Prisons.

Incarceration is difficult for many people; many individuals experience a wide range of emotions, to include sadness, anxiety, loneliness, anger, and shame. Some individuals find incarceration overwhelming. Additionally, struggling with substance use or withdrawing from using substances can cause physical pain and difficulty thinking clearly. At times, someone may feel hopeless about their future and their thoughts may turn to suicide or self-harm. This is not because other solutions do not exist; it is because they are currently unable to see them. As a companion you can help others find hope in what feels like a hopeless situation.

I respect and appreciate the work you do to prevent suicide and support others through their darkest moments. Your work, in collaboration with the professional mental health services provided by the Bureau, truly has the power to save lives.

A handwritten note in blue ink that says "Thank You!" with a large exclamation mark, is located at the bottom left of the page.

To Whom It May Concern:

This letter is to inform you of Mr. Darius Paduch's (Reg # 53470-510) participation as a Suicide Watch Companion. The Suicide Watch Companion Program is an integral part of the Federal Bureau of Prison's suicide prevention efforts. Suicide Watch Companions maintain a constant visual observation of individuals placed on Suicide Watch in order to ensure their safety and to better facilitate treatment with Psychology Services staff. Suicide Watch companions are selected based on strict criteria including their emotional stability, maturity, work ethic, and continued engagement in prosocial behavior. During his time in this work program, Mr. Paduch has received significant training in recognizing the warning signs, risk/protective factors of suicide and the appropriate procedures for interacting with an individual on Suicide Watch. Since his inclusion in the program on May 2023, Mr. Paduch has served diligently in his role and has often provided assistance beyond the requirements. His participation in this voluntary work detail has been greatly appreciated.

Sincerely,

Notice to the inmate population

SUBJECT: Modified Institutional Operations

Effective Wednesday, July 17, 2024, MDC Brooklyn was placed on modified operations, following an inmate death. Due to the nature of this incident, a thorough investigation will be conducted to ensure the safety and security of all staff and inmates within MDC Brooklyn. Furthermore, it is the expectation of the Captain that inmates will live in a safe and secure environment. Violence in this setting leads to negative consequences such as injuries, death, prolonged lockdowns, disruption of operations and programs, and increased tension. Therefore, it is imperative all inmates adhere to established rules, expectations and respect one another. As a result of this incident, the inmate population will remain secured until further notice. Legal calls and legal visits will continue as normal, however social visits will be cancelled until further notice. Return to normal operations is strictly based on the investigation's results, in conjunction with inmate behavior and will be assessed daily.

Aviso para los presos

SUBJETO: Operaciones Modificadas

A partir del Miercoles, 17 de julio de 2024, MDC Brooklyn fue puesto en operaciones modificadas, después de la muerte de un recluso. Debido a la naturaleza de este incidente, se llevará a cabo una investigación exhaustiva para garantizar la seguridad de todo el personal y los reclusos dentro del MDC Brooklyn. Además, el Capitán espera que los reclusos vivan en un entorno seguro y protegido. La violencia en este entorno tiene consecuencias negativas como lesiones, muerte, operaciones modificadas prolongadas, interrupción de operaciones y programas y aumento de la tensión. Por lo tanto, es imperativo que todos los reclusos cumplan con las reglas y expectativas establecidas y se respeten unos a otros. Como resultado de este incidente, la población reclusa permanecerá asegurada hasta nuevo aviso. Las llamadas y visitas legales continuarán con normalidad, sin embargo, las visitas sociales se cancelarán hasta nuevo aviso. El regreso a las operaciones normales se basa estrictamente en los resultados de la investigación, junto con el comportamiento del recluso y se evaluará diariamente.
